Austin Psychiatric Consultants Joins Prime Psychiatry

August 12, 2024

Dear Austin Psychiatric Consultants Patients,

We hope this message finds you well. We are writing to share some exciting news regarding [Austin Psychiatric Consultants](#) (APC). APC has recently become part of the Prime Wellness family, including Prime Psychiatry, and we are thrilled to welcome you to our community.

We want to assure you that your care will remain uninterrupted and continue with the same high standards you have come to expect. All of the dedicated providers you trust at APC will be transitioning with us to Prime Psychiatry. You'll note a few changes along the way as we work to integrate services and transition the APC providers into Prime Psychiatry's platform. Our plan is to bring our resources and expertise to enhance your patient experience and to support your overall mental health journey. We'll soon be offering interventional services on-site such as [Spravato](#) for treatment resistant depression.

[Prime Psychiatry](#) is committed to maintaining the warm, personalized care you have always received at APC. We believe this transition will offer you even more comprehensive support and services, ensuring that your mental health remains our top priority.

If you have any questions or need further information about this transition, please do not hesitate to reach out to us. Our team is here to assist you every step of the way.

Thank you for your trust and continued partnership. We look forward to supporting your mental health needs and welcoming you to the Prime Wellness family.

Warm regards,

Dr. Irwin Schussler, DO
